Choosing a pet sitter is one of the most important decisions to ensure the safest care of your pets:

Should you hire a local, independent pet sitting company or use a franchise? Using an app to find a sitter may be tempting. However, some of our clients have shared that before hiring us, they suffered countless disappointments. Disappointments included franchise sitters just not showing up, different sitters on each visit (no consistency) and equally as astounding, adults signed up as the sitter while they were actually paying teens to do the sitting! Additional complaints of doors being left open and the house being unlocked led clients to call us.

Pros for using our local, independent business include:

- *we have been serving the Sarasota/Bradenton area since 2005
- *we are insured and bonded
- *at the consultation clients get to know us. Right from the start, we es-

tablish trust and develop a solid rapport

- *we customize a program to meet the client and pet needs
- *we have no employees resulting in 1 of the 2 owners doing the sitting
- *we text clients updates and pictures at each visit
- *clients are invited to call or text us 365 days a year
- *references are provided upon request
- *we are members of the National Association of Professional Pet Sitters (and have been featured in their magazine)
- *we are an Accredited Better Business Bureau member

Knowing that you have done your research and are making the right decision by hiring a local, independent pet sitter will give you peace of mind.
